

What are YOU doing next summer?

Get a competitive edge to enhance your graduate application!

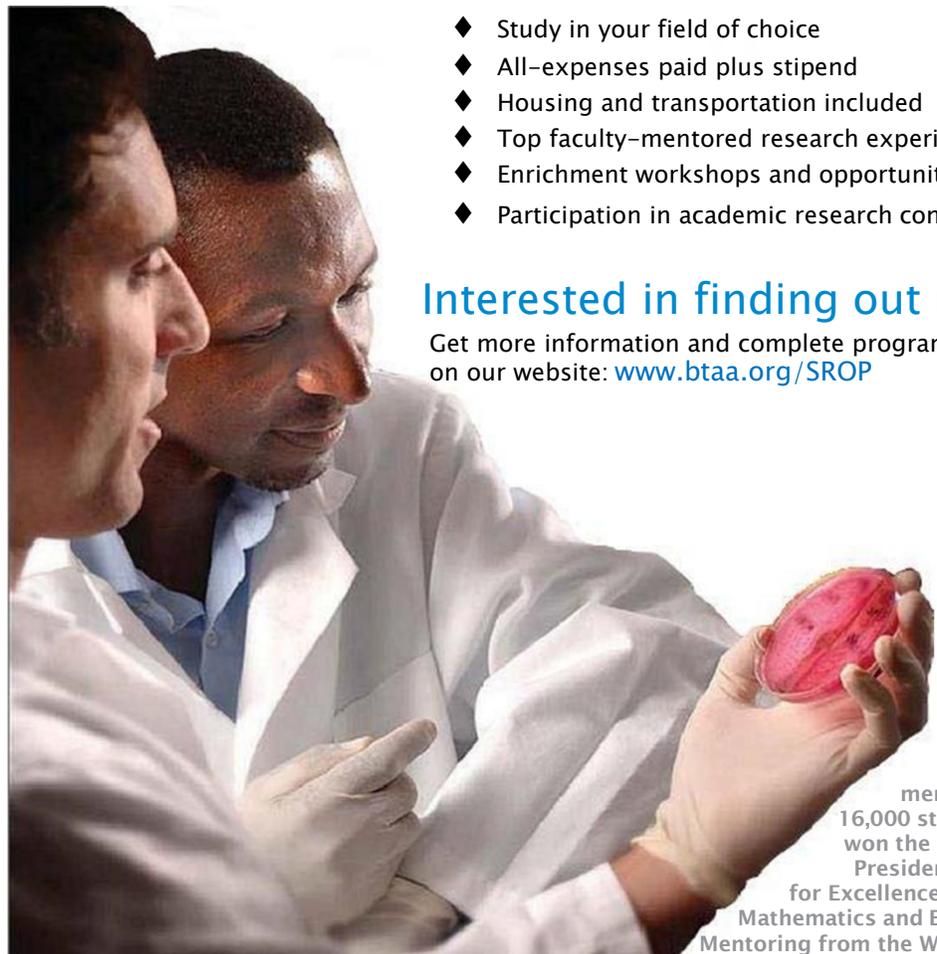

The Summer Research Opportunities Program is the gateway to graduate education at Big Ten Academic Alliance universities. Enhance your academic and research skills by working one-on-one with a faculty mentor from top ranked research institutions. Gain experience as an undergraduate student to put you at an advantage as a graduate applicant, at the same time you will earn money and have all expenses paid during this full-time summer research opportunity. It is the competitive edge you will need to rank above the best of the best.

If you are interested in conducting research, improving your academic skills, engaging with a cohort of undergraduate researchers, and enhancing your graduate application, do not miss this chance to put your summer to good use! Talented undergraduates are awarded the opportunity to study and research at premier academic institutions.

- ◆ Study in your field of choice
- ◆ All-expenses paid plus stipend
- ◆ Housing and transportation included
- ◆ Top faculty-mentored research experience
- ◆ Enrichment workshops and opportunities
- ◆ Participation in academic research conference
